Opinions

Lots of water; no place to swim

It seems strange that the towns in the Bethel area, surrounded as they are by ponds and rivers, are having a hard time finding places for their youngsters to go swimming. Strange, indeed—but true.

Recreation boards in all the local towns complain that their towns have not taken seriously the need to purchase lakefront or riverfront so that youngsters now, and in the future, can learn to swim and enjoy the water—whether or not their families have a lakefront camp.

Bethel's Recreation Board recently launched a new float for the town's swim program. But without a piece of town-owned lakefront property, how long can the swim program continue?

Town officials from Bethel to West Paris should plan now for future swim programs, unless they relish the idea of busing their children out of town for summer swimming lessons, as some local towns already do.

Letters to the Editor

A note from the publisher

To the Editor:
Bread Loaf in the Schools is a community writing project supported by a grant from the Bread Loaf School of English at Middlebury College, in Middlebury, Vt. Grant money is used to fund weekly teachers' meetings, provide resource material, and purchase classroom writing and publication supplies. Monthly pages in The Bethel Citizen newspaper and the "Young Voices" publication are supported by the grant and local business contributions.

The "writing program" is unique in each classroom. Students write journals, publish their own books, write in math class and record field trip experiences. Bethel students regularly visit other classrooms to share their stories. Several teachers and their students use a Bread Loaf computer network called "Bread Net" in order to correspond by computer with other writers across the country.

It has been an exciting year. We would like to thank the students, teachers, and administrators for allowing us to become involved in the Bethel schools. We feel fortunate to be able to work with the dedicated teachers in this community, and we appreciate the time and energy they have given to the writing program.

The grant would not be possible without the support of Paul Cubeta, director of the Bread Loaf School of English at Middlebury College, and Dixie Goswami, director to the Writing Program at Bread Loaf. We would also like to thank Jim Chandler for his computer expertise, Sharon Feit for typing the "Young Voices" manuscript, and Dave Tripp and his students for printing the "Young Voices" book.]

To the Editor:

Our Woodstock Week and the grand finale of the week, the Woodstock Carnival Day, were a tremendous success thanks to the community, the W.E.S. staff, and students and our many sponsors. Without each person and organization participating, we would not have been able to raise \$1,500 in one day.

The profits from the Woodstock Carnival Day will be used to fund Woodstock School's 1987-88 children's activities, such as opening day dedication, open house, Halloween party, Santa's breakfast, book awards, and the athletic banquet.

The Woodstock Parent-Teacher Organization would like to give a special thank you to the following people for their efforts:

Sue Rosenberg; Brown's Logging, Bev and Gordon Brown; Dave Tripp and the T.R.H.S. To the Editor:

Telstar Regional High School's Job Bank, an organization set up to help students find work, finished a successful year last week. The committee wishes to express their gratitude to all the people who submitted requests for employees. For example, Sunday River, Storyland, and Groan & McGurn were among the many businesses that provided the Telstar student body with work opportunities that otherwise would have been unavailable. Thirty three out of 45 jobs were filled, varying from clerical work to yard work, and short term to long term employment. When Job Bank reopens in the fall, it is our hope that the community will once again participate in this beneficial program.

Thank you.

JUDY COOLIDGE'S 2nd-graders were delighted when they saw their writings in the completed "Young Voices" books.

EBS/CPS students publish book of writings

The students of Ethel Bissell School and Crescent Park School published a book of the best of the writings they have done during the year. The writing program in the schools this past year was fueled by a grant from the Bread Loaf School of English at Middlebury College, in Middlebury, Vt. (The grant was awarded to and administered by Will and Marguerite Graham, of Bethel.)

Anti-Americanism was evident when

I was in Korea in 1962 and 1972. It is apparently even stronger since 1980, when the U.S. generals—who are normally in overall command of all south Korean troops—allowed south Korean troops to move to quash a civilian takeover of the city of Kwangju. The bloody suppression of the peaceful takeover of Kwangju cost hundreds of civilian lives.

We can if we wish, continue to align ourselves with the oppressors; or, we can—if we have the foresightedness—align ourselves with the people struggling to break free of their chains.

The easiest way of doing this would be to withdraw our troops from south Korea. Even publicly stating that we were going to withdraw our troops would put some heat under the rulers and make them reach an accommodation with the people they rule.

And, after all, what are our troops doing there? South Korea is stronger than north Korea both economically and militarily. Our troops are not needed for the protection of the south—just for the protection of the south's rulers.

One final irony: while we spend over \$2 billion annually in military funding in south Korea, the south Korean rulers sell arms to Iran, which country we are apparently getting set to go to war against.

Of course, you can argue that our country has also sold arms to Iran, which only

makes the situation more ironic.

....

I see where the Maine House passed a bill ordering towns to institute recycling in order to preserve precious landfills. It seems dumb to me that something as simple as a recycling operation can't be organized without an order from Augusta. And yet, in many of our towns, who submitted requests for employees. For example, Sunday River, Storyland, and Groan & McGurn were among the many businesses that provided the Telstar student body with work opportunities that otherwise would have been unavailable. Thirty three out of 45 jobs were filled, varying from clerical work to yard work, and short term to long term employment. When Job Bank reopens in the fall, it is our hope that the community will once again participate in this beneficial program.

....

I also see where the Democrats in the Legislature are still trying to get employers to take responsibility for the drug problems of their employees. The Democrats are isolating themselves on the issue of drugs in the workplace. A poll by Channel 6 last week showed 70 percent of respondents in favor of allowing drug-testing in industries where public safety is involved. The Democrats would, on the one hand, ban all random testing and, on the other hand, have employers pay for drug rehabilitation programs for employees with drug problems.

Hearing set in Andover

continued from Page One

In the Monday afternoon orientation session, the group was welcomed by NTL's new president, Fred Nader, and also by Bernele Wideman—publisher of The Bethel Citizen—on behalf of the NTL/Bethel Liaison Committee.

This week also inaugurates a new season of Sunrise Seminars and Special Interest Groups. The Sunrise Seminars are informal 45-minute presentations by staff members, who are a changing group each week. The seminars are open to all interested members of the Bethel community at no charge and are held in the Maine Room, just behind the NTL Conference House. The starting time is 7:30 a.m., and they are offered Tuesday through Saturday of each week.

Earlier this week presentations were made by Dale Hill, Donald T. Brown and Donald Klein. On Thursday morning, Donald Klein will talk about "The Fear of Humiliation." On Friday, Michael Broom will talk on "Finite and Infinite Power," and on Saturday morning Don T. Brown and Dorothy Siminovitch will discuss issues around AIDS.

The Special Interest Groups are occasional meetings, usually held in the afternoons, and are concerned with topics of special interest to the staff and participants in residence in any given week. Times and dates will vary each week and will be announced individually.

This week two groups will be meeting on Wednesday afternoon, at 4:30 the topic of "Women" will be discussed in the Opera House condominium #1, with Gloria Faith as moderator. Wednesday, at 5:30, the topic will be "Addictions and Feelings," led by Dale Hill and Phil Springer in the Farrar house, on Spring Street. On Friday, June 26, the discussion will be about "People of Color," and interested persons are invited to gather at the Maine Room between 5:15 and 6 p.m.

The topics for each week's Sunrise Seminars and Special Interest Groups are being regularly posted in a number of locations around Bethel and Locke Mills. Throughout the eight-week summer season the list will be posted late Monday or early Tuesday, but persons who would like to know the topic(s) for Tuesday may call the NTL office in Bingham Gym, at 824-2151 on Monday afternoon. A welcome is extended by NTL to all interested persons from the Bethel area.

NEARLY HALF OF AIDS VICTIMS IN MAINE HAVE ALREADY DIED

As of May 29, there have been 53 diagnosed cases of AIDS in Maine. In southern Maine there were 34; central Maine 13, and northern Maine 6. Of the total 53 cases, 21 have died, according to The AIDS Project Newsletter.

NEWS FROM BETHEL AREA
Health Center

Camp Physicis

Camp officials can explain the project and hear concerns of the townpeople. A number of Andover people have been upset since learning that CMP plans to construct a high-voltage line from the Canadian border to Pownal, through the territory of Bowmantown Township, Parmaheene Township, Lynchtown Township, Parkertown Township, Lincoln Plantation, Magalloway Plantation, Upton, C Township, C Surplus Township, Andover, North Surplus Township, Roxbury, Carthage, Dixfield, Canton, Jay, Livermore Falls, Livermore, Leeds, Greene, Lewiston, Auburn, Durham, New Gloucester and Pownal.

The proposed line is supposed to carry power from Hydro Quebec—the Canadian utility—to CMP's service area and to other parts of New England. Despite the statements by Canadian officials last week that Hydro Quebec power would not be sold to New England, CMP officials said they would still like to construct the power line.

According to Town Clerk Kathy Williamson, quite a few Andover residents have been coming into the town office looking over the information there from CMP.

In neighboring Roxbury, on the other hand, officials said there seems to be little interest in the proposed power line, since it will bypass both the village and Ellis Pond.

OPEN HOUSE FOR WADHERAS AT DIXFIELD SATURDAY

There will be an open house and farewell party for Drs. Om and Usha Wadheras at the Dirigo High School gymnasium in Dixfield from 1:30 to 3 p.m., Saturday, June 27. The Wadheras practice in Bethel about a decade ago prior to moving to the Dixfield area.

Stowell mill cuts back

Stowell Products Inc., the hardware products mill in Bryant Pond, recently cut back its workforce by stopping the second shift.

Workers say further cutbacks—or even closure of the mill—appear imminent. Mill officials did not return telephone calls asking for comment.

The mill was taken over by out-of-state interests two years ago after Casco Northern Bank foreclosed on the original owner. Following a settlement with the union, which successfully charged that the change of ownership was in part a union-busting move, the mill had appeared to be doing well as more employees and a second shift were added. Mill management was changed early this spring.

No matter what happens, there's always somebody who knew it would.

Lettie Brooks entertained the fir strippers of the Universalist Church at her farmhouse on Curtis Hill Tuesday, June 9. There were 13 present at the Day Homestead. They were stripping fir for making fir pillows for the summer sale for the church, for which they are famous. A dinner was served to 14 by the hostess, Lettie Brooks and helper.

A beautiful warm day Monday, so unusual this year, the dandelions and hawkweed had no trouble blossoming. They are pretty but what a weed!

Esther Davis arrived home on Sunday night at 9 p.m. She has been visiting her daughter Lorraine and family for three weeks. Dianna graduated from high school with 300 other graduates.

Mr. and Mrs. Carl Brooks took Bertha Benoit, Olive Davis and Kay Billings to Franklin Grange meeting Monday night.

Esther Davis took Olive to Lewiston to see her doctor Tuesday.

Mr. and Mrs. Leon Verrill, Evelyn and Alan; Mr. and Mrs. Jerry Verrill, Mr. and Mrs. Brian Verrill and daughter Brianne attended the wedding of their son and brother Tom Verrill held in Massachusetts at the Taunton Adventist Church Sunday, June 14. The families left at 11 o'clock Saturday, June 13 and stayed over night near Taunton.

Tom Verrill and Carole Medeiros were united as man and wife with Alan Verrill as best man, Evelyn as bridesmaid, Jerry and Brian as ushers. Brianne was junior bridesmaid. After the ceremonies the couple left for Bermuda for a week.

Alisha Micolon had a birthday party at McDonald's June 12. Those attending were Karri and Kalab Fleck, Abby Cataneau, Angie Craig and her sister Amanda.

Mrs. James Micolon and Darlene Records went to Pine Point for a day of relaxation Monday.

A.H.H.S. INSTALLS

NEW TELEPHONE SYSTEM

Androscoggin Home Health Services of Oxford County recently installed an improved telephone system. The new phone system allows better access to the office with fewer busy signals. In addition, a toll-free line has been added for the convenience of the many who reside outside of the Rumford area. The new number is 364-3728. The toll free number is very similar—1-800-322-3728.

"In the past, patients in certain areas could not contact us without a toll charge," reports Laurie Cote, team leader of the Rumford office. She adds, unfortunately this might have discouraged people from calling. Now all of Oxford County can contact Androscoggin Home Health Services without creating a big phone bill.

Portland visited her grandmother Mrs. Christine Kimball Saturday.

Mr. and Mrs. Leonard Kimball were in Harrison Monday and also enjoyed dinner out in Norway to observe their anniversary.

Mr. and Mrs. Barry Salway and Scoty of Laconia, N.H., spent last Saturday with David and Norma Salway in honor of David's birthday. Kassi and Bernie Gatchell of Old Orchard Beach were also callers.

I spent three days this week with Ethel and family at The Cape in Ossifield. I had to go to Rumford Friday morning; also visited with Henry and Joyce Swan.

The difference between dogs and cats is that dogs come when they're called. Cats take a message and get back to you.

Reminder: The Old Time Dance sponsored by the Greenwood Historical Society will be held Saturday, June 27, at 8 p.m. at the town hall.

The vacation period at Gilbert Manufacturing Company begins Saturday, June 26, for most of the workers.

The Greenwood Fire Department held a training session Tuesday, June 16, but due to a thundershower was unable to do the training scheduled. There's bound to be a few days like that!

Lorraine Mills accompanied Gerry Shimamura to Norway and Lewiston Friday to do some shopping. They discovered that getting held up in construction with the thermometer at the bank next to the vehicle registering 98 degrees shouldn't happen to a dog—and speaking of dogs the Driscolls were baffled at the disappearance of their husky one day this past week. Thank goodness he has now returned home.

There will be no Greenwood Historical Society meeting this month. The next meeting will be in August with the annual picnic scheduled.

It doesn't seem as if June can be almost over. Whatever happened to those long summer months I remember as a child? I haven't figured out if it's just a natural result of aging, bad memory or whether the hot weather did begin earlier and last longer. I know school vacation began earlier and I rather feel for the youngsters who have to go to school nearly the whole month.

MUNDI-ALLEN POST #81

HOLDING PICNIC SUNDAY

Mundi-Allen Post #81, American Legion, will hold its annual steak picnic at the hall on Vernon Street for Legion and Auxiliary members, husbands, wives, etc., on Sunday, June 28, starting at 11 a.m. There is no charge for this event. People attending are asked to bring a salad or a dessert. Reservations must be made by calling 824-2495, 824-2469 or 824-3286 by Friday noon, June 26.

As we were planning, family get together on Sunday, Saturday was spent getting ready for it. We planned to have a picnic, potluck dinner for all who could come. Peggy made chicken pie, I roasted a turkey and made sweet potatoes with marshmallows on top. Peggy made a nice taffeling cake and I made some zucchini, carrot cake as well as a blackberry apple crisp. Most everyone brought something as we knew they would.

Saturday evening was Alumni banquet and Peggy, Russell and I get ready to go and went to Hungry Hollow and picked up Mary Farwell Smith to go with us. She was in Peggy's class in high school so wanted to go as she did last year. We had a very nice time seeing old friends and sat with some of them to eat supper or dinner, whichever one wants to call it. It is always so much fun to see all the old friends and see how many of the classes will be represented. The classes started with some who graduated in 1920, which was some time ago, right up to 1987 class at Telstar. There weren't as many classes not represented this year as some years in the past, which seemed real good. We enjoyed sitting with some of Peggy's classmates and one of the girls who graduated a year ahead of me. All in all, we had a lovely time and hope it can happen next year.

It didn't look too good for our get together on Sunday morning but we kept our fingers crossed and prayed it would turn out alright. The sun came out and we got tables up and covered for the food, chairs were set out for folks to use.

Another week has gone by and school is about over. I'm sure some of the children are delighted and some aren't. It will be the same for the parents as it sometimes means more work when children are at home all the time but they, like others, need a change. There are always so many things they can find to do during the summer that will be over before they know it and then it will be back to school for them.

Had to go to town last Thursday and get some work done on my car. Hadn't gotten the winter tires off and decided if I didn't get it done, I might as well forget it, so went and got it done as well as oil change and lube job. Now that is taken care of for a while.

Had been doing some sewing and had things that needed finishing so did some of that after getting home. Was making some clothes for the little girls and wanted them done. Glad when they were finished.

Even though it wasn't the best of days on Friday, Russell did a wash and we took it to town to dry it. We were afraid it might not dry if hung outside in the damp weather. I stayed with the wash while Peggy and Russell went and got groceries and after it was all done, I went to get some pain pills to see if they would help my situation. As it didn't rain, Russell worked in the garden in the afternoon doing some cultivating and whatever needed doing.

As we were planning a family get together on Sunday, Saturday was spent getting ready for it. We planned to have a picnic, potluck dinner for all who could come. Peggy made chicken pie, I roasted a turkey and made sweet potatoes with marshmallows on top. Peggy made a nice fattening cake and I made some zucchini, carrot cake as well as a blackberry apple crisp. Most everyone brought something as we knew they would.

Saturday evening was Alumnae banquet and Peggy, Russell and I got ready to go and went to Hungry Hollow and picked up Mary Farwell Smith to go with us. She was in Peggy's class in high school so wanted to go as she did last year. We had a very nice time seeing old friends and sat with some of them to eat supper or dinner, whichever one wants to call it. It is always so much fun to see all the old friends and see how many of the classes will be represented. The classes started with some who graduated in 1920, which was some time ago, right up to the 1987 class at Telstar. There weren't as many classes not represented this year as some years in the past, which seemed real good. We enjoyed sitting with some of Peggy's classmates and one of the girls who graduated a year ahead of us. All in all, we had a lovely time and hope it can happen next year.

It didn't look too good for our get-together on Sunday morning but we kept our fingers crossed and prayed it would turn out alright. The sun came out and we got tables up and covered for the food, chairs were set out for folks to use, I

checked on the turkey that was in the oven and got the other things done so everything was under control. Everything was going fine till we started to eat dinner or lunch and there had been a black cloud come up over Cobble Hill and I didn't like the looks of it at all. I had a feeling we would get some showers from it and sure enough, as we were starting to get food for ourselves to eat, the rain came and it came hard. We grabbed things off the table and went into the mobile home. It was crowded but all found food enough to eat and did a fine job on all that was brought for the occasion. The sun finally came out again and we had a lovely time visiting with all the relatives that came. There were 46 in all and that included the little folks; there were quite a few of them. Some of our relatives from New Hampshire made it and as we hadn't seen them for many, many years, it was a wonderful feeling to see them again. It takes time to catch up on news like this and we did the best we could. We hope those who couldn't come then, will try to come visit some Sunday or any day for that matter if we are home. We would like to see all the relatives that didn't get here. This was a gathering of the Yates families and their families etc. Hopefully, there will be a Reunion later in the Summer so we get to see a lot of other relatives, cousins of mother's and so forth. We always enjoy such family get-togethers.

Courtney stayed up with me for Sunday night but was restless and couldn't sleep good so didn't give me too much chance, either. We were both tired on Monday but survived the ordeal. Peggy drove me to the doctors in North Bridgton and of course, Courtney went with me. This was after lunch an Courtney fell asleep on the way over to the doctors. However, she woke up when we got there and went with me. I rested after we finally got home as we were planning to go to Franklin Grange in the evening. I was very tired but went and had a good time. It was C.W.A. night and the offices were filled by ladies and our C.W.A. leader got up the program which was very good.

Clothes have a way of getting dirty around here so did a wash on Tuesday morning while Russell went out and cultivated the peas and hoed them. They seem to be doing good. Peggy had gone up and weeded the beets and we put some light covering, made especially for such purposes, over them and hope it will keep the leaf miners off. Did a little weeding in the carrots and then went back to my house so we can enjoy it and keep it growing. It is always strange to see some lonely plant, showing their beauty in some lonely spot like that. However, that is Mother Nature's way and it can be most amazing.

Take care and have a good week, and we'll hope it won't get too humid or at least I will.

CARD OF THANKS

I wish to thank everyone for cards and telephone calls while I was in the Rumford Community Hospital, especially the Bethel and the granddaughter of Sylvia Luxton of Bethel and George and Harriett Stowell of West Bethel.

THE OXFORD COUNTY CITIZEN, BETHEL, MAINE

Page Seven

Greenwood City

By COLISTA MORGAN

This day, a day in June, was promised to be dull, but the peaceful stillness brooded over the lawns and woods. The clock said 6:30 a.m., the shadows silently lengthened on the lawn as I emerged into the cool shade of the trees. Instantly I felt the stillness and believed the day would stay sunny in spite of the promise.

An early bee hummed in to rest upon my azalea bush which is so beautiful at this time. Then it flew to the porch where it fought the window angrily up and down, up and down. After several minutes it whirled out into the sunshine, joyfully.

As early as it was the birds were before me, of course. The Jay announced my coming. Two song sparrows asked my business. A chickadee came and perched this foot from my face. A robin screeched his way into some leaves within arm's length pausing only twice to look at me.

The bird chorus in the woods began to swell.

Mosquitoes got after me and when they went to work I had to give up and go for breakfast.

I had entertainment for the next half hour. I had a surprise waiting which has continued through the week. Who can describe the grace and elegance of this bird gathering string and shredding it into bits of fuzz just outside my window? I'll try. He and his mate were dressed in a robe of delicate and silky texture. The shades of blending beauty-velvety black, brightening into fawn, melling browns, shifting strands, quaker drab, pale blue-gray and slate, with trimmings of white and golden-yellow and little red appendages on the wing quills, all combined with its symmetrical form gave it an appearance peculiarly its own. Its eractic crest usually expresses every emotion; comfort, exection or surprise. These cedar waxings were very busy. As they flew away I furnished them with more string and yarn of various colors. They returned again and again. They are late in preparing for a family but most interesting and friendly. It had been several years since they had come to the yard, but I seen them at the mouth of the Sanborn River.

I have longed to use my boat and to go to the Sanborn River but I have had tendencies in my right arm so have been unable to row. Some day—

Evening came and the mountains in the distance were lovely. A patch of sunset light was flung over them like a gray crimson saddle. The sun was preparing to drop from sight into an abyss.

The moose has been out most every day at some time so has attracted many who have been going by.

Brother Ernest Curtis, of Poland visited the town. Mr. and Mrs. Fred Curtis, Dorothy Curtis, Eva Felton. Then they had lunch with me and visited a few hours. It's nice to see them well again.

Kathy Curtis was in C.M.M.C. Hospital a couple of days for a test.

The new home of Mr. and Mrs. Fred Curtis is nearing finish after the fire of April 28.

David and daughter Madry Holt were with his parents Saturday night.

The daughters, Kathy Curtis and Lucy Brigg of Eva Felton gave her a birthday party the first of the week at her home.

We have had a good week weatherwise with a few drops of rain for the strawberries but we survived and the berries are ripening. We have picked a custard cup of wild berries every day for a week and didn't need sugar.

Sympathy is extended to the family of Mrs. Ida (Roso) Hadley in her passing.

Mr. and Mrs. Joe Vatcher attended the Woodstock Alumni banquet at the Telstar cafeteria on June 13. Mrs. Lempi Korhonen of Carlsbad, Calif., came to the home of her daughter Mrs. Nancy Knights of Rumford Point so she was able to attend with Mary Mills and Eveline for their 60th anniversary. See you there in 1987 (maybe). There were 127 members and guests present. It was the first time Eveline had been to a banquet and didn't see Harold and Ruth Tyler. Maybe next year. A bountiful feast.

Earl Cordwell went by Tri Town ambulance to see his doctor at Stephens Memorial Hospital and came back the same day, June 17.

Mr. and Mrs. "Roal" Lawrence visited Mrs. Polly Lawrence, East Stoneham, and Mr. and Mrs. Albert Heath Jr., Amanda and Jeremy, at North Waterford. Mr. and Mrs. Norman Abbott, Mr. and Mrs. Odell Heath and Richard Felt called on the Lawrences.

Arnold Coffin after three trips to the dentist has his teeth all fixed.

Madge MacCush, Roberta Ilsley's cousin left for Sydney, Nova Scotia, after a six month stay. She loves it here in Maine so she will return again.

Doris Lawrence went to the Woodstock Alumni banquet at Telstar June 13 with Ellen Burns Coffin and Mildred York.

Florence Ilsley went to Amesbury, Mass. for six days. She had a birthday party with over 200 guests to celebrate her 100th birthday. But all in all she is now working on her 200th birthday. She is glad to get back to North Paris. More power to Florence.

Tom Christian, Roberta's foster son, has come back for awhile to help with his dad. He also missed Maine.

Mrs. and Mrs. Joe Vatcher went to Danvers, Mass. on June 18 to see Mrs. Fannie Vatcher but she didn't know them and couldn't eat her snack of raspberries and a banana. They called on Joe's sister, Mrs. Fannie Whitten, at Swampscott, Mass., and one home. So they phoned at 7 p.m. and she was in the hospital and may come home Monday. She had an eye implant on June 4.

They were at their camp here over the weekend and visited Dorothy Curtis. Her other callers were Fred and Rena Curtis, Milton and Eleanor Inman, Local; Mary Holt, Standish.

Brother Ernest Curtis, of Poland visited the town. Mr. and Mrs. Fred Curtis, Dorothy Curtis, Eva Felton. Then they had lunch with me and visited a few hours. It's nice to see them well again.

Kathy Curtis was in C.M.M.C. Hospital a couple of days for a test.

Andover East Andover
 By MARJORIE JODREY

Chief Petty Officer Lawrence Stinson (U.S. Coast Guard) and wife, LaQueta, and daughter, Brook, from Kodi, Alaska, have been visiting his parents, Mr. and Mrs. Ralph Stinson. They drove from Alaska to East Andover, enjoying the sights across the country. Their visit was cut short by a death in her family. They left June 10 for Styville, N.C. He will be stationed at the Coast Guard station in Elizabeth City, N.C.

Keir and Rachel Stinson of South Windham and grandchildren of Mr. and Mrs. Ralph Stinson will fly from Portland to Frankfurt, Germany, to visit their father, Perry Stinson.

Mrs. Bill Barnett left for home in Ann Arbor, Mich., by plane from Portland on Saturday after visiting her parents, Mr. and Mrs. Floyd Emerson Sr. for two weeks.

Mr. and Mrs. Arthur Whitten and grandson Howard Roberts left June 19 for Blanch, N.C., to visit their son, Mr. and Mrs. Howard Whitten, and places of interest along the way. They plan to be gone about a month. If time permits, they will call on their friends, Ron and Nanny.

On Monday, June 15, I was honored by my grandson to be one of the chaperones for the 6th grade class trip to the Museum of Science in Boston. We left at 6:30 a.m. and got to Boston at 10:30, went all over the museum, in groups of one chaperone and two children. We attended a show at the planetarium and one at the Omni theater and after a visit to the gift shop, we headed home, stopping at Kennebunk for supper. All had a great time, but were very tired. Those going were the bus driver, Mrs. Joyce Howe; teacher, Roger Sabin; members of the class, Chad Bishop, Sarah Delepine, Nathan Emery, Toby Farrington, Andy Hutchins, Dean Irish, Danny Irish, Joanne Mosher, Kevin Morton, Aaron Milligan, Jennifer Percival, Lorey Parker, Suzanne Richardson, Karen Salway, Jason Standeven, Jon Thurston, Daniel Thibodeau and Ben Wyman. Going as chaperones were Ann Bishop, Carol Emery, Peggy Madigan, Marjorie Jodrey, Marilyn Morton, Gertrude Percival, Bonnie Thibodeau, Karen Milligan and Sue Wyman. The students wish to express their thanks to anyone who helped in anyway at the food sale with donations, or at the car wash to make their class trip such a success.

Sympathy is extended to the family of Mrs. George Marston Fraser.

Mr. and Mrs. Louis Trine and Michelle spent the weekend camping at Bar Mills.

On Sunday, June 14, the Boy Scout Troop #573 enjoyed a canoe trip from below Errol, N.H., to a meeting place

down river in the 13 mile woods. Those going were Scoutmaster Gary Milligan and sons, Aaron and Eric; Mr. and Mrs. Brad Wyman and sons, Ben and Fletcher, and dog, Trouble; Assistant Scoutmaster Arthur Cole Jr. and son, Jason, and nephew, Billy Berry; Assistant Scoutmaster Rich Donovan, Rex Thurston and sons, Danny and Jon; David Hutchins and son, Andrew; Chad and David Bishop, Jeff Thurston, Jeff Bailey, Tom Morton, Scott Spaulding, and Scott Emery. Everyone had a very nice time. There were many spills but it being a very nice day nobody minded getting wet as long as the food stayed dry.

Andover Elementary School held their final field day on Tuesday, June 16. The result of the ball game the 6th graders against the teachers: the teachers won as usual. It was a great game, but I'll bet there were some sore muscles on the winning side the next day. This has been a busy fun week for teachers as well as pupils.

Ball games for the farm team and colt league were rained out on Tuesday night to be made up later.

Rev. Marriott Churchill had as her sermon topic on June 14 "God's Brutal Love." On Tuesday at the Ladies Aid of the First Congregational Church held at the CEB, Mrs. Louise Conroy of Rumford Point was guest speaker and showed slides on the Heifer Project International. Maine belongs to the northeast division. It was a very interesting talk after a potluck luncheon. Deacon on call this week was Bill Crooker, 392-1811.

Class night at Andover Elementary School on June 17 was very well attended, also awards day on June 18.

Herbert Knox of Canandaigua, N.Y., has been visiting his daughter, Mr. and Mrs. Richard Cronin and daughters; his son, Mr. and Mrs. Steven Knox and family in Canton, and other relatives for a few days.

On July 4, the Andover Fire Department will hold a craft fair from 9 a.m. to 3 p.m. at the fire station. Tables will be available.

Mr. and Mrs. Floyd Benner of Portland spent the weekend with their daughter and family, Mr. and Mrs. Arthur Cole, April and Jason. Sunday Mrs. Cole celebrated her birthday.

On Thursday evening the 6th grade of Andover Elementary School challenged their parents to a baseball game. It was a very exciting game with the parents winning 17-16.

CARD OF THANKS

Thanks to all my family and friends for the cards and gifts during my recent stay in the hospital. Your support meant a lot.

Sincerely,
Sheri Kendall

Agnes Gray School

By MARTA CLEMENTS

School is over for another year and my final column will consist mainly of paying tribute to the fine group of students who attend the Agnes Gray School. On Thursday, June 18, our annual awards day was held in the gymnasium with all classes attending. Our principal, Mr. Koch, began with the presentation of certificates of achievement to all the sixth graders. They will miss and be missed by their "old school." Mrs. Carol Corriveau was next to present her *Helping Hands* awards to the sixth graders who work with her in the cafeteria every day. This is one way Mrs. Corriveau says thank you to: Justin Wormell, Jerry Billings, Todd Bouchard, Shawn Dexter, John Edmunds, Donny Ferris, Laura Hall, Mike Lackey, Wendy Lary, Andrew Merrill, Heather Newton, E.J. Nye, Rijah Newell, Diana Poland, Shelley Robinson, Jenny Ruokalainen, Amy Small, Stacey Smith, Brian Stimson, and Amy Tkander. Mrs. Corriveau then presented special awards to six students for going above and beyond their usual duties. The following received awards for their outstanding volunteer service: Todd Bouchard, Shawn Dexter, Laura Hall, Andrew Merrill, Brian Stimson, and Justin Wormell. Maria Herrick received an outstanding service award as an underclassman. Mrs. Corriveau made one final presentation which was accepted by Mr. Koch for all the teachers. For our glorious work every noon in the scraping of trays, we now have a framed certificate and a mini spatula to remind us that our job in the cafeteria is appreciated!

This was only the beginning of an afternoon of awards! Students from grades 2-6 who show the greatest gains during the year receive a certificate for the *Most Improved*. This year's students were: Grade 2, Angie Waterhouse; Grade 3, Jason Braden; Grade 4, Bethany Hutchinson and Kenny Hill; Grade 5, Daniella McAuliffe; Grade 6, Shelley Robinson.

These students were chosen by their classroom teachers. Mrs. Stock, who works with the students on an individual basis, gave three awards: *Most Improved*, Renee Pratt and Jonathan Morgan; *Most Cooperative*, Douglas Penley.

Awards for *Achievement in Music* were presented by the music teacher, Mr. Barker. Grade 1, Jeannine Demski; Grade 2, Timmy Farrar; Grade 3, Renee Pratt; Grade 4, Jessica Blake; Grade 5, Rebecca Blake; and Grade 6, Shawn Dexter. Mr. Barker also presented certificates to his *Orchestra* group who performed at the beginning of the program: Jara Gzinski, Danny McAuliffe, Christopher Coolidge, Andrea Pratt, Rebecca Pratt, and Emily Kircher—all fifth graders. Awards for participating in the *Oxford Hills Elementary Concert* were presented to Jara Gzinski, who participated in band, orchestra, and chorus, and to Rebecca Blake and Joshua Walton. For the *Regional Elementary Music Festival*, Jara Gzinski, Daniella Westleigh, Rebecca Blake, Joshua Walton, (grade 5) and Diana Poland and Heather Newton, (grade 6) received certificates.

Our art teacher, Mrs. Sharon Merrill, included special awards for students who work was displayed in the SAD #17 Art

sixth graders receiving these awards for academic excellence were: Wendy Lary, Andrew Merrill, Amy Small, and Amy Tkander. Awards were also given for exceptional scoring in the *Maine Assessment Testing*, which is given in grades 4, 8 and 11. To receive this award, which is signed by the governor and the commissioner of education, a student must score in the 96th percentile. Awards were received during the summer for both last year's 4th grade and this year's class. Those receiving awards for excellence in the reading part of the test were: Jessica Blake, Daniella Westleigh, Rusty Dollerman, and Joshua Adams.

Hope Lovejoy, Allie Coolidge, Katie Buehl, Emily Cole, Grade 3, Erin Small, Tanya Rosenberg, Darcy Roberton, Jason Braden, Chester Beauchesne, Carrie Cole; Grade 4, Starr Mowatt, Tammy Montmery; Grade 5, Rachel Abbott, Daniella Westleigh, Todd Guilford, Christopher Coolidge, Angelia Cole, Jacqui Beauchesne; Grade 6, Wendy Lary, Jenny Ruokalainen, Shelly Robinson, Amy Small and Jerry Billings.

Reading is an important part of every school program and there were awards for reading. Students who participated in and completed the *Junior Great Books* program received certificates. Third graders were: Austin Hayes, Andrew Bolstridge, Chester Beauchesne, Jason Braden, Katie Walton, Darcey Robertson, Tanya Rosenberg, Heather Edwards, Carrie Cole, Liberty Woodworth, Willo Andrews; Grade 4, Jessica Blake, Tony Bouchard, Maria Herrick, Andrew Leach, Grade 5, Daniella Westleigh, Danny McAuliffe, Joshua Walton, Christopher Coolidge, Jacqui Beauchesne, Darin Emery, Jara Gzinski, Emily Kircher, Rusty Dollerman, Grade 6, Michael Lackey. An *Arts and Crafts* award was presented for outstanding achievement in grade 1 and 2, Grade 1 was Shawn Cofin and grade 2 was Jason Hill.

For outstanding *Achievement in Physical Education* awards were received by: Grade 1, Kim Kangas; Grade 2, Joshua Dunham; Grade 3, Chester Beauchesne; Grade 4, Alan Lovejoy; Grade 5, Joshua Adams; Grade 6, John Edmunds. Mr. Grigsby, our home/school counselor, chose Justin Wormell for the *Humanitarian Award*. This is to honor the student who cares about himself and about others. *Perfect Attendance* certificates were awarded to Carina Hammond, grade 1; Jason Hill, grade 2; Heather Edwards, grade 3; Christopher Tripp and Starr Mowatt, grade 4; Andrea Pratt and Darrin Emery, grade 5.

Throughout the year the elementary schools of SAD #17 participate in district with *Math Meets*. These occur about once a month, and consist of 6 challenging problems. The scores accumulate and winners are announced in each building. At our school 5th and 6th graders participated and the top three winners were: Grade 6, Andrew Merrill and Amy Small (tied for 1st), Wendy Lary, 2nd, and Donny Ferris, 3rd. Grade 5, Rusty Dollerman, 1st, Jara Gzinski, 2nd, and Joshua Walton, 3rd. One year, these same grades participate in a *New England Competition*, a test consisting of 49 problems. Awards were given to the top 5 students in each school. Rusty Dollerman, placed 1st; Andrew Merrill, 2nd; Amy Small, 3rd; Shelly Robinson, 4th; and Diana Poland, 5th. We also par-

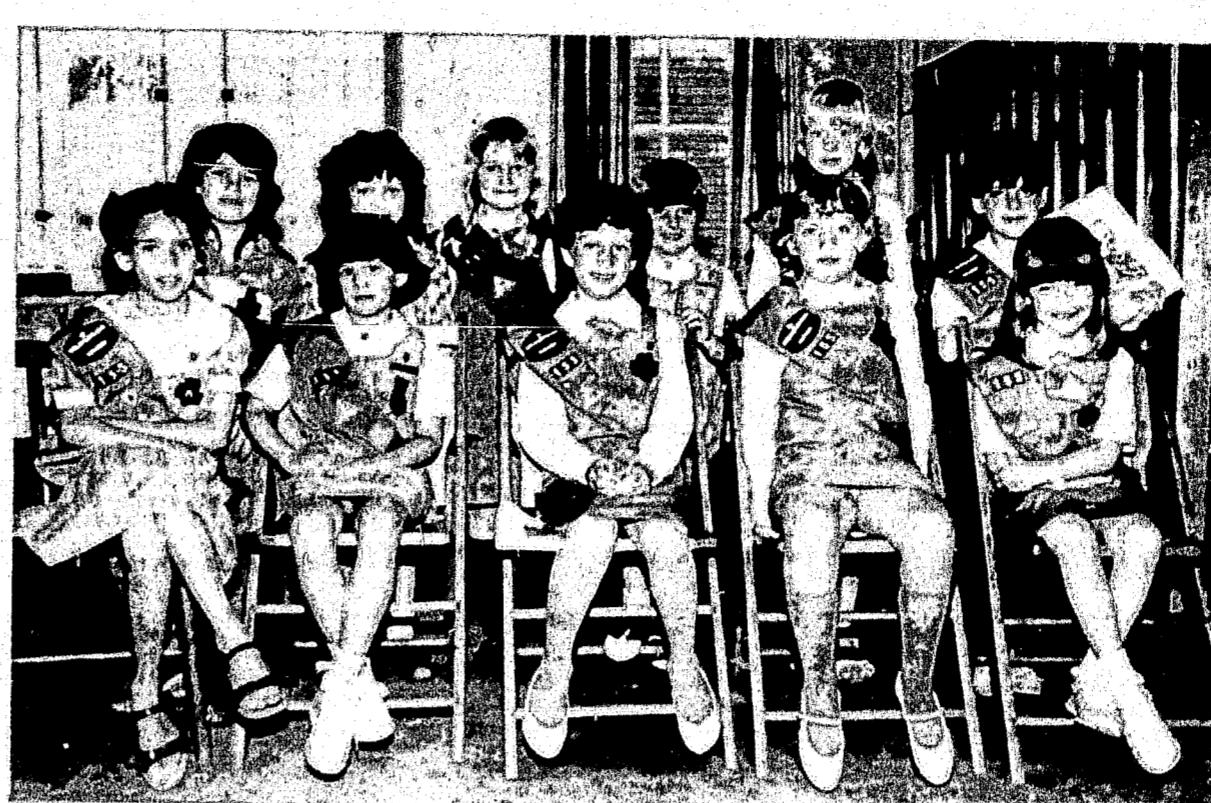

icipated in the *National Science Olympiad*, another challenging competition and awards were received by Rusty Dollerman, Wendy Lary and Amy Small.

Four *Presidential Academic Fitness Awards* were presented. These are presented to students as they leave one level of education to progress to the next. Students from grades 6, 8 and 12 are included. The criteria is to have a B or better grade average throughout school and to fall into the 80th, or better, percentile range in the achievement testing. Our entire school year. Tickets are only issued at the "big school" so this award includes grade 2-8. Grade 2 recipients were: Hope Lovejoy, Allie Coolidge, Katie Buehl, Emily Cole; Grade 3, Erin Small, Tanya Rosenberg, Darcy Roberton, Jason Braden, Chester Beauchesne, Carrie Cole; Grade 4, Starr Mowatt, Tammy Montmery; Grade 5, Rachel Abbott, Daniella Westleigh, Todd Guilford, Christopher Coolidge, Angelia Cole, Jacqui Beauchesne; Grade 6, Wendy Lary, Jenny Ruokalainen, Shelly Robinson, Amy Small and Jerry Billings.

in speak in front of the entire school!

Last but certainly not least, Mrs. Loper presented Agnes Gray School T-shirts to several volunteers who have come into the school on a regular basis all year. I am willing to bet that the students' cheers and applause of appreciation meant as much as the T-shirts. Accepting these tokens of our appreciation for the many tokens rendered were: Avis Hayes, Hazel Dembski, Kim Inman, Sun Inman, Richard Perham, Dian Stimson, Beverly Farrar, Cathy Gzinski, Cindy Hieber, Heidi Everett, Debbie Small and Roenell Cummings.

Grades 1-4 participated in the Ronald McDonald Raeding Club to raise money for the RIF program (Reading Is Fundamental). This was a read-a-thon and those who read at least 5 books, and raised \$5, received certificates and also a free Happy Meal from McDonald's. One second grader, Lucas Hieber, got a special book mark. He only raised \$4, but he read 15 books! The 1st graders who received the awards were: Amy Hill, Kimberly Kangas, Erin Doughty, Faith Lovejoy, Kim Baker, Carina Hammond, Toyah Everett, Amanda Herick; Grade 2, Hope Lovejoy, Chad Chase, Tim Farrar; Grade 3, Erin Small; Grade 4, Bethany Hutchinson, Alan Lovejoy and Maria Herrick.

Gilead

By LOUISE LORING

What has happened? To the birds, I mean. Growing up in a wooded area, I learned to distinguish birds not only by their color and flight, but by the sounds they made outside my bedroom window. I learned that the bird who chanted, "Teacher, teacher" was an oven bird, and another who said, "Poor will, whip poor will," was the whip-poor-will. Now birds don't talk it seems, and their bird schools have evidently gone out of business. I guess the discourse for birds has gone to the seven winds, and their schools have become consolidated, leaving little time for individual pupils.

Of course it isn't the bird schools. No ornithologist of today will allow a bird to say, "Teacher, teacher, or poor will."

If you don't believe me look to Robbing, Brown & Singer's Guide to the Field Identification of Birds of North America. Bird songs on pages 10 and 11 are classified as sonograms, prepared from notes of the scale. Middle C for instance has a frequency of 262 cycles per second. Young fledglings are taught this manner, of course, and if they don't pass the tests of the more technical approach, they graduate anyway, to soar away on new wings, mute and songless.

There is a bird around our place that sits up in the lilac bushes, wasting his time, while I sit on my porch, wasting my time. The bird knows and I know that it's June. He takes an occasional dip in his bird bath, and peers at me wisely.

Although mute, and songless, he knows one thing—as he hops over to the cherry tree, to see if its fruit is ready—watches through the strawberry patch, watching to see when the biggest berry turns red and sweet. He and I have a race going.

He has a red breast, with tinges of grey and I have a red head with tinges of grey also. But we both know, "That the early bird catches the worm" and both of us better keep on our toes.

Peace everyone and God Bless.

Tri-Town Rescue

School is out, so summer must really be here.

The auxiliary is making plans for the annual flea market, which will be held on July 11 and 12.

June training for Tri-Town will be held on the 24th, with the topic being mass casualty. (Something we want to practice, but never want to really have to do.)

The Search and Rescue team responded with five people to assist the warden service with a search for a lost lady from Wayne. She had been missing since the previous afternoon and was found just an hour and a half after the search began, and found alive! This was the first time the team had participated in a search for a year, so the very first time for several of the people that went, and it was a plus that it ended by finding a live person.

Ken Bacon has recovered from his ankle injury, and is back in schedule; Lillian Herrick is finally settled in her new trailer and has a phone, so she's back on our in-service dispatching team; Kathy Scherf is still off schedule with wrist and shoulder problems. Please

Kathy, get well soon, we really need you!

This seems like a good time to remind people of the phone numbers to call Tri-Town. We are dispatched through Oxford County Sheriff's Department, and to request the unit for an emergency, call 1-800-800-482-4733. (Greenwood phone system does not have an ID#.) This number is not able to get through on that line, you can call them at 743-8334. This number goes to the same dispatching center, but is not a toll free number.

For non-emergency situations, i.e. from the hospital to home, call Jane, our chief, at 674-2863, or Mary at 674-2866. Please note that these numbers are for non-emergencies only, in an emergency, call the sheriff's office, and they will immediately activate our tones on the radio, and tell us what and where the emergency is.

When you have to call for us in an emergency situation, be sure to give the dispatchers clear directions, and any information that they request regarding the emergency. An extra minute or two talking to the dispatcher could save us several minutes responding to your call.

Until next time, stay safe, and enjoy the summer.

**VOLUNTEERS NEEDED FOR
MUSEUM TOUR GUIDES**

Volunteers are needed once again this year to staff the Dr. Moses Mason House Museum during July and August. Anyone interested in meeting people, learning about an old house, and experiencing life in the 19th century is urged to call the Bethel Historical Society office at 824-2908 or Judy Haskell, head of the museum committee, at 824-2724. An orientation session for new guides will be held on Monday, June 29, at 2 p.m. in the meeting room of the Dr. Moses Mason House. Any potential volunteers who wish to attend are cordially invited to do so.

Chamber needs help with road race

The Bethel Area Chamber of Commerce is looking for volunteers to help with the road race on Molyockett Day. You can help to keep this annual activity going in a variety of ways. Folks are needed to:

- Help with registration;
- Marshal the course;
- Water stops;
- Finish line;
- Set up and take down.

If you plan to be around that day (Saturday, July 18) the race will be held in the morning between registration at 7:30 a.m. to awards just prior to 11 a.m. Please call the chamber of commerce office at 824-2282 within the week.

Also needed are folks of all ages to run. Again there will be a one mile race for kids and a 5 km and a 10 km race. T-shirts will be available for the first 75 finishers and a variety of other awards will be given to overall winners. Look for registration forms at various locations in

the area and at the chamber office. Due to a misunderstanding, registration fees were incorrectly listed last week. Fees will be \$3.50 for the fun race; \$6 for advance registration for the 5-k and 10-k races, and \$7 the day of the race.

NOTES FROM Telstar Guidance

The last news article for Telstar Guidance has several meanings. Obviously, the school year has ended. For the past 10 months, many, many experiences, events and accomplishments have taken place for all the high school students, teachers and parents. On June 12, 71 seniors graduated from Telstar and carry with them much potential to become contributing community members, employees, college students, military personnel and individuals. Congratulations and best wishes, Class of 1987.

Secondly, the "last" Guidance News article symbolizes a change for school year '87-'88. The district's Guidance program will be expanding its personnel and services for Grades K-12 next year. David Walton will be elementary school counselor for Grades K-6. Sally Hannon will begin her position as middle school counselor for grades 6-8 at the Telstar Regional High School complex. Daniel Hart will continue to serve as high school guidance counselor. This trio of counselors plan to organize a Guidance Advisory Committee, and provide a Guidance News article related to district wide news and events similar to what the high school Guidance Department has developed. Stay tuned in late August with the latest developments and services to be publicized in The Citizen and mailings to parents.

In summation, Mr. Hart and the high school Guidance Office staff are grateful to many businesses, community members, employers, high school teachers and parents who helped make this past school year a successful one. A productive Guidance program has positive, interested and active teachers, parents and community members helping its students.

The Guidance Office at Telstar Regional High School will be closed for summer vacations starting Monday, June 29. Mr. Hart will be available to provide guidance services again on Monday, Aug. 24. All Guidance-related inquiries will be noted and saved for Mr. Hart's consideration in late August.

A safe and enjoyable summer to all SAD #44 residents.

Blake F. Johnson of Bethel was one of 562 graduates receiving degrees at the recent commencement exercises of Springfield (Mass.) College.

Newry residents advised about auto registrations

The Newry selectmen yesterday noted that residents of that town will no longer be able to get their automobile registrations at the Bethel Town Office. The selectmen advised residents to register their cars at the Mexico office or by mail to Augusta.

The selectmen notified Central Maine Power that the bill for the entire town office building should be sent to the town beginning next month. The Northern Oxford Vocational Area (NOVA), which gave up its lease on the back half of the building the end of this month, had been

paying the electric and heating bills for that part of the building.

Road Commissioner Marshall Fleet told the selectmen that if a new truck were ordered for the town delivery could be made in approximately three months. The committee that had researched different trucks has recommended a Ford F8000, the cost of which would be \$35,800, plus \$24,845 for the body, plow and accessories, making a total cost of \$60,645. There is presently enough money in the highway equipment account to purchase this vehicle and townspeople will be asked for approval at a special town meeting in the near future.

CHASE - WITHAM ENGAGEMENT

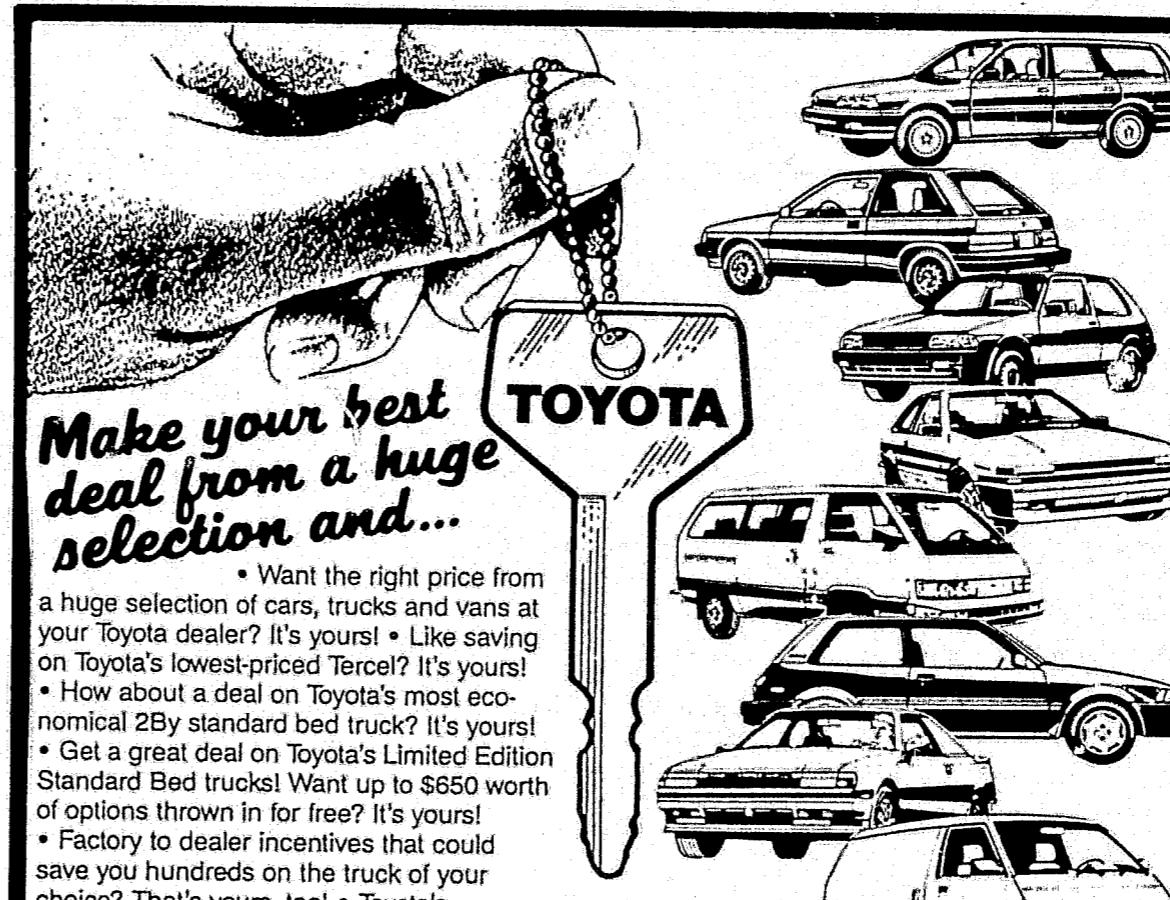

Announcement is being made of the engagement of Rhonda L. Witham, of Norway, to Andrew J. Chase, of Locke Mills.

The bride-to-be is the daughter of Mrs. Judy G. Moody, of South Harpswell, and is self-employed at the New Image Beauty Salon.

Mr. Chase is the son of Mr. and Mrs. John Chase, of Locke Mills. He received

training as a welder at Central Maine Vocational Training Institute, Auburn, and is employed by Pike Industries.

A Sept. 5 wedding is planned.

Police chief honored

Police Chief Robert Stearns was guest of honor at a reception Saturday evening, June 13, given by the Bethel Lions Club at the Lions Den.

A buffet supper was served by the Lions members. Many friends and relatives were present to wish him well in his retirement from the Bethel police force.

The Lions thanked Mrs. Roy (Dot) Murphy for her help.

A plaque was presented Mr. Stearns for his community service.

Wilson receives '87 Moses Mason Award

Delvin Wilson, a junior at Telstar Regional High School, received the 1987 Dr. Moses Mason Award at the school's award ceremonies held on June 16. Presenting the award this year on behalf of the Bethel Historical Society was Society Director Stanley R. Howe. The award is given annually to a Gould Academy or Telstar student who writes, in the opinion of the judges, the best essay on a local history topic (confined to Oxford County). Named for Dr. Moses Mason (1789-1866), an amateur historian, the award was initiated in 1978 by the society to promote interest in local history by high school students. In his remarks, Dr. Howe commented on the particularly strong competition this year and complimented all those who entered for their efforts. Wilson's essay was on the history of the L.W. Andrews and Sons Company at South Woodstock and for his winning entry he received a certificate of commendation from the society and a \$100 U.S. Savings Bond.

Dr. Howe announced that the judges this year (Rosalind Chapman, Edmund Vachon, and Margaret Joy Tibbets) felt another essay was also outstanding and wished to honor its author with a letter of commendation from the society president Alden T. Kennett and a \$50 U.S. Savings Bond. This award was made to Scott Fraser, also a junior at Telstar, who wrote on local ferries that once crossed the Androscoggin.

A third essay was also recognized by the judges for its originality and

THIS WEEK AT THE Moses Mason House

Forty-five cross country skiers, most of them Maine high school students, attended a two-day session of talks and training demonstrations for both cross country skiing and biathlon at Gould Academy last weekend. On Sunday afternoon they competed in a running biathlon race held at the sandpits near Bethel.

Coaches for the weekend included Bob Sleamaker, sports physiologist and former director of the U.S. Biathlon Team Sports Medicine Council; John Funk, Nordic program director at Burke Mountain Academy; Bob Remington, head Nordic coach at Telstar Regional High School; and Kirk Siegel, former U.S. biathlon team member, and head of Gould Academy's nordic ski program.

On Saturday, skiers hiked to the top of East Royce Mountain, in Evans Notch, for an afternoon of physical training and swimming. Northern Light Sports Shop, in Farmington, and the Pelton Ski Company presented a roller ski competition on Vernon Street Sunday morning. Participants from the local area included Brad Remington, Martha Newell, Ben Michael, Rob Ouwinga, Denise Gauthier, Kevin Davis, all of Bethel; and Paige Christie of Farmington.

The program chairman was Jim Monahan. His guest speaker was Ms. Wende Gray, marketing director, Sunday River Skiway Corp. Wende is a graduate of Wellesley College, majoring in history. She joined the staff at Sunday River in 1980 and has been a prime mover in the development planning at Sunday River. Wende talked about the development of the mountain, the condominium construction progress, and about future planning to make the area a year round resort. Bethel Rotary thanks you, Wende, for a fine presentation.

The summer social to be held at Rollie and Phil Glines will be held on Saturday, June 27 at 4:30 p.m. All you Rotarians should plan to be there with your wives to enjoy a good afternoon of fun.

Joe Robiller has come forward to head up the planning and supervision of the Woodsman's Competition held on the Common on Mollie's Day. Because of a medical commitment, Alan Chapman was unable to put the show on this year. In the true Rotary spirit, we appreciate this Joe. Assisting Joe on the committee will be Bruce Powell, Scott Dennis, and Jeff Parsons.

Plenary copy should call the society office at 824-2908 or write P.O. Box 12, Bethel, Maine 04217. Anyone wishing a complimentary copy should call the society office at 824-2908 or write P.O. Box 12, Bethel, Maine 04217.
